

Dear Sir or Madam:

My family and I have been listening to commercial free Christian Radio Stations on the radio or online for the last several years. From time to time we tried listening to regular radio stations again and the quality of the music and the DJs make us go back to Christian Radio stations. The music on the Christian Radio stations are very family friendly and encouraging. And the DJs are very encouraging as well.

Please do not change any rules that may force them to go off the air. If anything, in this age of all the gun violence in our children's schools, the government should promote and even help these family friendly radio stations to stay on the air.

Thank you,
Sangwook yum
